

22 November 1972

MEMORANDUM FOR: 25X1A9a
Harry C. Eisenbeiss, D/CRS
[REDACTED] C/ISG

SUBJECT : DDP Sensitive Reports

1. I have received clearance from Mr. Proctor to release to CRS those DDP Sensitive Reports which do not carry the caveat, "This document is not to be reproduced." Unfortunately, most of the reports do carry the caveat, but this at least is a beginning.

2. In addition to respecting the control markings on the documents, there are two further requirements in handling them:

- (a) These reports will neither be indexed for AEGIS nor microfilmed for retention in the Document Library.
- (b) They are not to be shown to non-DDI requesters.

3. Per Mr. Eisenbeiss' instructions, I will forward the reports to the SA/IO in the Office of the Chief, ISG. The SA/IO will ensure that a copy of each report is forwarded to Chief, Special Research Staff, Room 2G 31, Headquarters.

4. This action is being taken without consulting the Clandestine Service, by the authority granted to the addressees listed on the cover sheets of the reports. It therefore should not affect your negotiations on the narcotics reports.

5. I hope we can make further inroads in the near future.
